Amy Transue congratulated the committee on a successful CVC luncheon, raising over \$300 with about 60 participants. The committee debriefed the luncheon and ways to improve it. It was suggested that next year it be \$5 for an unlimited amount of soups/chili and to include to-go containers.

Transue encouraged the committee to continue to promote the Ultimate Hokie fundraiser to their departments. It was reported that Dr. Bagchi was in the lead with 110 votes.

The committee also discussed having a luncheon in the spring to bring the college together since there aren't as many events in the spring as the fall semester. This will be discussed further in upcoming meetings.
