Amy Transue discussed the logistics of the CVC Halloween Luncheon with the committee. The committee discussed what charities the funds raised for this event should go towards as well as the pricing structure of this event. Transue let the committee know that advertisements for this event would go out the following week.

The committee also discussed other upcoming CVC fundraisers such as the Hokie-fying a Pamplin Administrator. Transue reported to the committee that it would be the same structure as in previous years and that more details regarding this event are forthcoming. It was decided that for now we will try these two fundraisers and then revisit adding additional events at a later time.
