Internal Transfer Requirements
August 2019 or later

General Information

The Pamplin College of Business offers a B.S. in Business within the following majors:

- Accounting & Information Systems (ACIS)
- Business Information Technology (BIT)
- Finance (FIN)
- Hospitality & Tourism Management (HTM)
- Management (MGT)
- Marketing Management (MKTG)

ACIS, BIT, FIN, HTM, MGT, and MKTG are restricted majors that accept internal transfer students during a two-week online application and competitive review process. Applications are reviewed three times a year: August, January, and May. The online application is available only during the specified times through HokieSpa (primary major change) and through [http://www.apps.pamplin.vt.edu/com/](http://www.apps.pamplin.vt.edu/com/) (secondary major change).

Please note that while Real Estate (REAL) is administratively housed in Pamplin, it does not result in a B.S. in Business degree and is considered a non-restricted major. Real Estate students are subject to the internal transfer requirements listed below to change into or add a restricted business major. All internal transfer students accepted into Pamplin, regardless of major, must reapply and be deemed competitive to change their business major in Pamplin or add a secondary business major in Pamplin.

Pamplin offers Non-Major Information Sessions during the fall and spring semesters to answer students’ questions regarding the application process. After attending a Non-Major Information Session, students are assigned a Pamplin advisor to assist with additional questions and planning.
