

JOB DECISION WORKSHEET

1 What are the factors you are using to make your decision?

1

2

3

4

5

3 List the offers you have:

2 What is the weight you would assign to each factor? Don't put equal amounts for all. (100 points total)

4 Which offer is best when looking at each factor? Distribute the points from #2 to each respective offer.

*Change the weights or add factors to see different scenarios and outcomes.
